Subject:	Signage for public restrooms

Hi Elias,
With the increasing vandalism in the public restrooms, we are trying to remind the public that these restrooms are for their benefit. So please take a look at the verbiage we came up with in order to remind the public that these restrooms are for their benefit. Feel free to provide any feedback or changes.

“Please be advised that these restrooms are provided to the general public. Vandalism only impacts the members of the public who utilize them”
